A nail biting, nerve jangling, teeth gnashing, sort of match. Priory came to Chichester in search of no less than 4 points. Winning on two rinks guaranteed that total. Great efforts on the other two rinks were needed to gain the other 2 points for overall score in the match. Matthew Smiths rink were the last to finish and Priory were 4 up going into the last end. So dropping a three on that last end doesn't seem so bad now! Great match - well played both teams.
